SUMMARY

Motivated Software Developer with expertise in building efficient and scalable applications. Proficient in leveraging modern technologies such as **Java, Python, MySQL**, to deliver innovative solutions. A fast learner with strong analytical skills and a dedication to continuous improvement. Experienced in collaborating with diverse teams to ensure project success while maintaining high-quality standards.

EDUCATION

Gokaraju Rangaraju Institute Of Engineering And Technology
B. Tech in Electronics and Communication, CGPA 8.91

HYDERABAD, TELANGANA
Expected Graduation : May 2026

Government Polytechnic MasabTank
Diploma in Electronics and Communication, CGPA 9.77

HYDERABAD, TELANGANA
Graduated : June 2023

SKILLS

- **Programming Language** : Java, C, Python, Html, Cascading Style Sheets (CSS), JavaScript
- **Databases** : MySQL
- **FrameWork** : Bootstrap
- **Others** : Git , GitHub , Data Structures and Algorithms , Database Management Systems , Problem Solving & Computer programming , Object Oriented Programming in Java.

PERSONAL PROJECTS

PROJECT 1: Spotify Clone

2024

Technologies Used: HTML, CSS, Bootstrap and JavaScript.

- Developed a responsive **music streaming web application** inspired by Spotify using **HTML, CSS, Bootstrap** and **JavaScript**.
- Designed an intuitive **UI with Bootstrap**, ensuring seamless navigation across devices
- Implemented **interactive music controls** (play, pause, next, previous) using JavaScript
- Created a **dynamic song display** and custom playlists for an enhanced user experience.

PROJECT 2: Password Generator

2024

Project Link: www.github.com/yogeshwar7696/Password-Generator

Technologies Used: HTML, CSS, Bootstrap and JavaScript.

- Developed a web application to generate secure and customizable passwords using **HTML, CSS, Bootstrap** and **JavaScript**.
- Implemented user-configurable options to specify password length and include/exclude uppercase letters, lowercase letters, numbers, and symbols.
- Integrated dynamic password generation logic with real-time updates based on user preferences.
- Added clipboard functionality for easy password copying, enhancing user experience.
- Focused on creating a responsive and visually appealing interface with attention to security and usability.
- Demonstrated proficiency in front-end development and client-side scripting.

ACHIEVEMENTS

- Solved 300+ problems [Leetcode and CodeChef]
- Won 50days badge in Leetcode
- Leetcode highest contest rating: 1474

CERTIFICATES

- The Joy of Computing Using Python (IIT Madras) Certified by NPTEL with 88 % 2024
[Certificate Link](#)
- Crash Course on Python(Google) Certified by COURSERA 2023
[Certificate Link](#)
